METAL FIGHTER

1. Introduction

Returning from three centuries of intergalactic missions, MCS-920 (nicknamed Metal Fighter) is surprised by an alien infested planet. Whatever few life forms survived were driven underground or transformed into battling bionic mutants. You must escape the tentacles of these mutants... seek out and destroy alien ships, then overpower grotesque alien guards to steal their fiendish and bizarre weapons.

From barren landscapes and colorful coral reefs to abandoned and frozen cities, you will yet come face to face with the alien tyrant in each world.
V. WEAPON SELECTION OPTION SQUARES

**S** SQUARE - SPEEDS UP THE METAL FIGHTER.

**U** SQUARE - Upgraded firing capability allows you to fire an extra plasma ball from an extended gun. You may obtain other firing power without losing this capability.

**D** SQUARE - Double laser capability gives you two extra lines of fire.

**L** SQUARE - Laser capability gives you simultaneous multi-angled firing capability.

**M** SQUARE - Mega shield gives you a rapid short range circular firing capability.
